# About The Company

At Our Professional Guidance, we are committed to elevating your organization's success in the realm of digital transformation. With our expert guidance and strategic approach, we enhance your chances of achieving your transformation goals.

We provide

- AI-Driven Solutions
- Risk Mitigation
- Many projects done successfully
- Maintain relationship with clients.
- Measurable Results

# Analysis

After conducting extensive market research and consulting with business owners for over three years, it became evident that their primary goals are to increase profits while maintaining customer satisfaction, manage their teams effectively, and make informed decisions about expansion, resource allocation, and service focus. They also seek to understand customer satisfaction levels comprehensively.

# How does it appear?

The image displays three overlapping screenshots of the Meetendo dashboard, illustrating its various features and data visualization capabilities.

**Dashboard Screenshot (Top):** Shows key performance indicators (KPIs) such as Unique Conversations (2544), Total Messages (5244), Total Calls (1365), and Spent Money (\$12560.00). It also features a Business Number gauge (660) and a calendar for upcoming appointments.

**Calendar Screenshot (Middle):** Displays a calendar view for February 2024, showing booking details and a list of services with their respective prices (e.g., \$320, \$52).

**Client Screenshot (Bottom):** Provides a detailed view of client data, including a Client Table with columns for Name, Email, Mobile, Created Date, and Location. Key metrics include Total number of Clients (2544), Average spends per visits (\$5244), and Most booking status (Active).
